

I am Caprice Powell, part of the Comanche School Counseling Team. My passion is working with students to help them be happy,

healthy human beings that make a difference in their world. In addition to helping any student with social, emotional or academic concerns, I work with all of our building educators to help find interventions to support students in order to help them be more successful in school and in life. I host an afterschool club known as the Coyote P.A.C.K. (Promoting a Culture of Kindness) in which students do things to promote kindness in their families, school and community.

I hold a Masters Degree in Education as well as School Counseling and have proudly attended Garden City Community College, St. Mary of the Plains, Baker University and Fort Hays State University to complete my education. I have been in education for 18 years teaching elementary, 2nd and 5th grades, and mostly 7th grade science before becoming a school counselor in 2012.

When not in school, I enjoy spending time with my family, friends and our pets, listening to music, reading, traveling, watching movies, cooking, and learning about new things! I try to live my life with this quote in mind: “The positive thinker sees the invisible, feels the intangible, and achieves the impossible.” -Winston Churchill
